

SPIN ON OIL FILTERS

PH4985 & PH5299 SUPERCEDED TO PH4985A

Dear Customers

With the imminent introduction of our 2017 FRAM Catalogue you will notice that we have listed PH4985A as the replacement filter for PH4985 & PH5299 applications, this will also be found on our FRAM Website. The PH4985A has been introduced into our product range and is an upgrade of both PH4985 & PH5299.

Please note : PH4985 & PH5299 can still be used for the applications listed against PH4985A. The only difference between these products is the filter media which has been upgraded on the PH4985A.

Regards
Mark Groenewald
Product Management

**TECH
UPDATE**

SPIN ON OIL FILTERS

Z217 & Z384

Dear Customers

With the introduction of our 2016/2017 GUD Catalogue you will notice that we have listed Z217A as the replacement filter for Z217 & Z384 applications, this will also be found on our GUD Website. The Z217A has been introduced into our product range and is an upgrade of both Z217 & Z384. We currently have stocks of both Z217 & Z384 and the new upgraded filter will be available in the New Year.

Please note that Z217 & Z384 can still be used for the applications listed against Z217A.

The only difference between these products is the filter media which has been upgraded on the Z217A. This will then supersede both Z217 & Z384.
