

They're just better. John Deere Fuel Filters.

When it comes to fuel, water is the number one enemy, leading to poor performance and reliability. That's why John Deere Fuel Filters are specially designed to not only trap water, but also repel it. Matched to your machine for optimized fuel flow, all genuine John Deere Fuel Filters are tested to meet or exceed original John Deere specifications.

Don't trust your equipment to anyone else. Insist on genuine John Deere Fuel Filters.

Scan here to see why John Deere filters are better!

The formula for staying in the field longer:

PLUS-50™ II ENGINE OIL + JOHN DEERE OIL FILTERS

500 HOURS* BETWEEN OIL CHANGES

Get great protection with fewer oil changes when you pair John Deere oil filters with premium Plus-50 II engine oil. Specifically designed by John Deere engineers for John Deere equipment, our maintenance products defend your machine from harsh conditions and wear, and provide you with up to 500 hours between drain intervals. That's twice as long as standard oil!

John Deere Plus-50 II engine oil and John Deere oil filters—it's a winning combination to keep your equipment in the field longer. See your local John Deere dealer today.

*500-hour drain interval applies to diesel John Deere engines when the following criteria are met: 1. Engine is equipped with an extended drain interval oil pan, 2. Machine operates with Plus-50 II engine oil, 3. Machine uses a John Deere oil filter, 4. Machine uses only Ultra Low Sulfur Diesel fuel.

Bulk Fuel Storage Filters

Protect your fuel systems from contamination and damage due to rust, dirt, bacteria, and water. Compatible with fuels containing up to 10-percent ethanol or 20-percent biodiesel blend.

NUMBER	DESCRIPTION
TY15192	10-micron fuel-tank filter
TY15677	15-micron fuel-tank filter, water absorbing
Spin-on replacement filters compatible with diesel, gasoline, and ethanol blends up to 10%:	
TY15193	Filter element (for TY15192)
TY15674	Filter element (for TY15677), water absorbing
PMFF216	Replacement filter, spin-on
PMFF5011	Replacement filter, spin-on with drain cock
PMFF5450	Replacement filter, spin-on
Spin-on replacement filter compatible with diesel only, high-volume capacity:	
PMFF5013	Replacement filter, spin-on with drain cock
Fuel Filter Heads with Differential Pressure Gauge	
PM3933191s	Single filter head
PM3950365s	Double filter head
