Keep your car as you are.

SEINECA

You believe that to find a good filter is only a small part among all the products you need, and every small part makes the whole, thus the reason why you are always choosing a right filter and never be compromised.

We have been making great efforts in producing high quality filter, and solve any rectifier problems during the usage stage. We have passed Quality Standard of ISO/TS16949 : 2009 that make you relief from quality and service problems. We live by words.

You are warmly welcomed to join us, and know more about us through our website and hotline. You will surely get more support from us!

www.seineca.com

Quality embodies our dignity. An outstanding quality will not embrace any sort of mediocrity. Being conscientious and meticulous in every managerial detail, we subject ourselves to the hammering and tempering of practice. The standardization management system and systemized quality guarantee mechanism ensure that the high quality of seineca's products flows unimpeded in to every corner of the globe. Through the effective and efficient cooperation with its cooperators, Seineca's staffs are enabling seineca products to be renowned for their immaculate quality in the world.

QUALITY FOUND UP GLORIOUS

ABOUT SEINECA

Seineca is a worldwide brand of automobile filters, including oil filters, air filters and fuel filters. These filters' range covers 95% passenger vehicles in the global market.

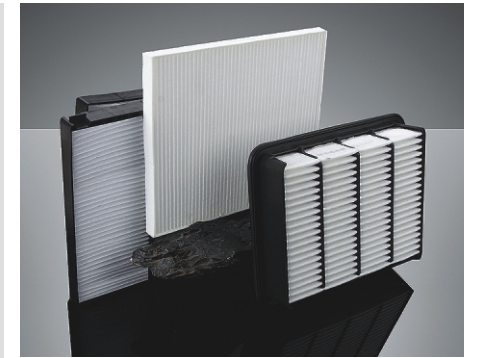

Seineca products are manufactured under ISO/TS16949:2009 quality management certification. All products are designed, engineered, assembled and tested in China. Seineca is owned by Zhejiang Seineca Automotive Ind., located in Wenzhou, China. Seineca has its own distribution network covering America, Europe, Middle East and Africa.

Seineca is committed to keep consumers satisfied by incorporating

the newest modern technology, best raw materials and skilled personnel. We are earning to provide consumers not only with premium quality products, but also with continual excellent service and punctual delivery.

Seineca is eager to work together with consumers on mutual benefits towards greater prospects.

First-class technical equipment and production allocation are the necessary hardware of modern enterprises and the guarantee of high quality products. We has invested in sophisticated production equipment and brought in new materials as well as upgraded technics to ensure the product's popularization, serialization and quality-excellence. Bearing our customers' needs in mind and basing on our advanced technics, professional skills and capacity of research, we takes developing and producing superior products as our responsibility to meet customers' satisfaction!

Carrying out production plan strictly according to ISO/TS16949:2009 certification.

QUALITY CONTROL

Our advanced automated production equipment and exquisitely produced assembly lines fully demonstrate SEINECA first-rate production quality. The direct participation of technical experts in the production process guarantees the utmost stability and reliability of our products.

Our increasingly acute awareness of excellent products and the continual output of fine industrial use products are contributing to the ever changing spirit of the global auto parts industry.

We devote ourselves to the quality guideline for continuing improvement, developing difference, hundred on clients and shaping a center brand. We have already been implement fully 6s management, and also

enhancing quality monitoring during the whole of process as well as establishing perfect management system.

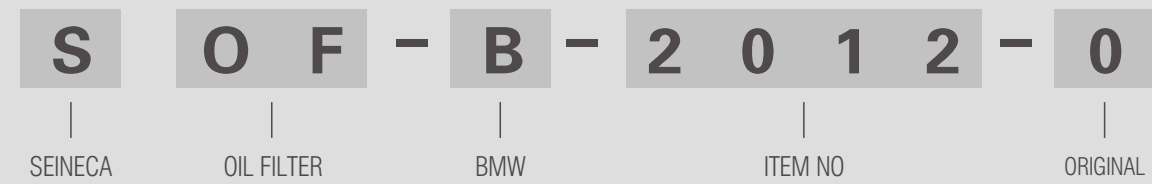

PROFESSIONAL SERVICE

Only when products are delivered promptly and put into use can the last step of distribution be fulfilled. We seek for 100% satisfaction from our customers, attach importance to customers' requirements and reasonable suggestions, offer our professional consultation and assistance. The skilled operation capabilities, modest and active attitude of our after-sales team members win confidence from customers.

We will continuously consummate ourselves and keep our promise: satisfactions of our customers are most important to us.
